PUBLIC UTILITIES
COMMISSION

Dear Chair Caliboso,

I write on behalf of the above utilities to give further clarification in relation to Docket No 2008-0115-Temporary Rate Increase.

Pursuant to the Commission's Order approving Temporary Rate Relief for the utilities filed on August 14, 2008 (Temporary Rate Relief Order), the utilities have now been able to model the new temporary rates confirmed by the Commission for operation between September 1, 2008 and March 1, 2009 into recent demand results and factor in likely initial drops in consumption caused by consumers conserving water to offset the price increase.

We are now confident that the utilities are able to and therefore will remain operational for the period of the temporary rate increase mentioned above and therefore confirm to the Commission that the utilities will continue in operation in accordance with the Temporary Rate Relief Order, and hereby revoke and rescind all prior notices of intent to terminate operations.

Very Truly Yours;

Peter A. Nicholas
Director
